KENT SUPER⁺

FOR MOUNTING ON KITCHEN WALL

Double purification by RO and UF with TDS Control System

World's most technologically advanced water purifier based on the ground-breaking KENT Technology

The power of KENT Technology

KENT Super⁺ water purifier is based on the patented KENT Technology that removes even Dissolved Impurities while retaining essential Minerals and offers double purification of RO followed by UF.

KENT Super⁺ Advantages

KENT has the best water purification technology. It has advantages over other water purifiers as it offers you the following:

- Compact design requires less space for installation.
- Double purification of RO followed by UF, which removes even Dissolved Impurities.
- The patented TDS Control System retains essential Natural Minerals.
- 8 litres of purified water storage capacity that makes water available on demand, even in the absence of electricity or water supply.
- Price of product includes free installation as well as 1 year free service at site on demand.
- Membrane is warranted for a period of 1 year.
- Prompt after sales service with a wide service network pan-India.

Applications

- For mounting on kitchen wall.
- Suitable for raw water from all types of sources like borewell, overhead storage tanks, water tankers and even municipal taps.
- Compact design requires less space for installation.

Technical Specifications

Product	KENT SUPER ⁺ Mineral RO™
Applications	Suitable for drinking water from all sources
Purification Capacity	Upto 15 LPH*
Body Material	ABS Engineering Plastic
Mounting	On the Wall
Dimensions(mm)	H-505 L-360 W-270
Inlet Water Pressure/Temp (Min)	0.3 kg/cm ²
Inlet Water Pressure/Temp (Max)	4kg / cm ² or 42.67psi / 35°C
Filter Cartridge	Sediment, Activated Carbon, UF Filter
Auto Flushing System	Yes
UV Lamp Wattage	11 W
Weight	7,300 kg.
Storage Capacity	8 L.
Purification Production Rate	15 L/hr.
Maximum Duty Cycle	75 L/day
Membrane Type	Thin Film Composite RO 1812-75GPD
Booster Pump Voltage	24 V. DC
Main Voltage	100 - 300 V. AC / 50 Hz
